- Plans for Next Month
- Q&A

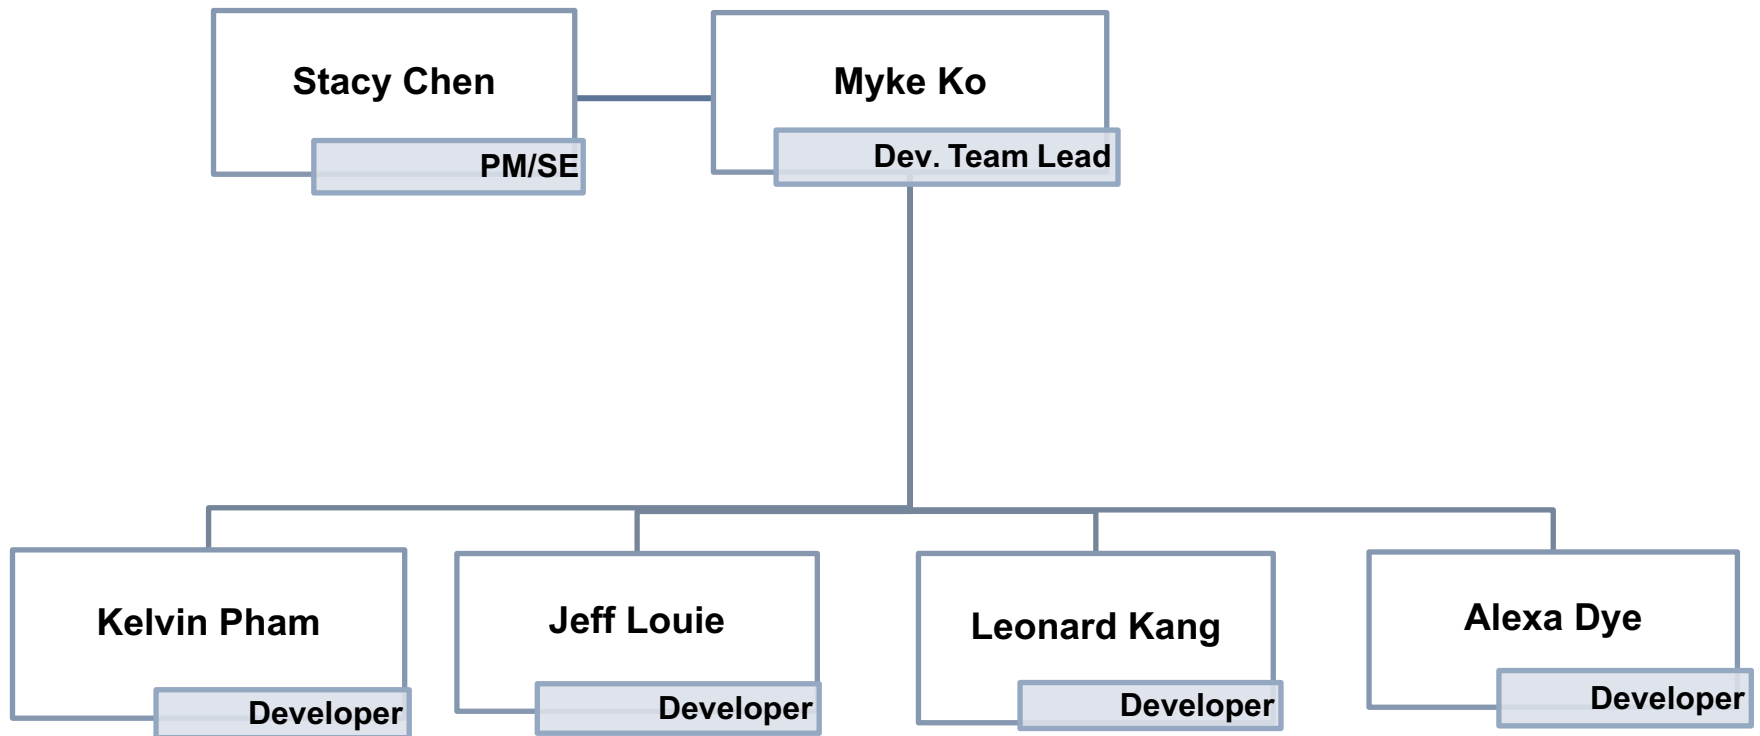

# Project Overview

## ❖ Project Goal:

Upgrade existing **Unlimited Release System (URS)** to version 3.0 with intuitive design, simplified processes and improved performance.

- Infrastructure Platform Upgrade
- Data Migration Cleanup

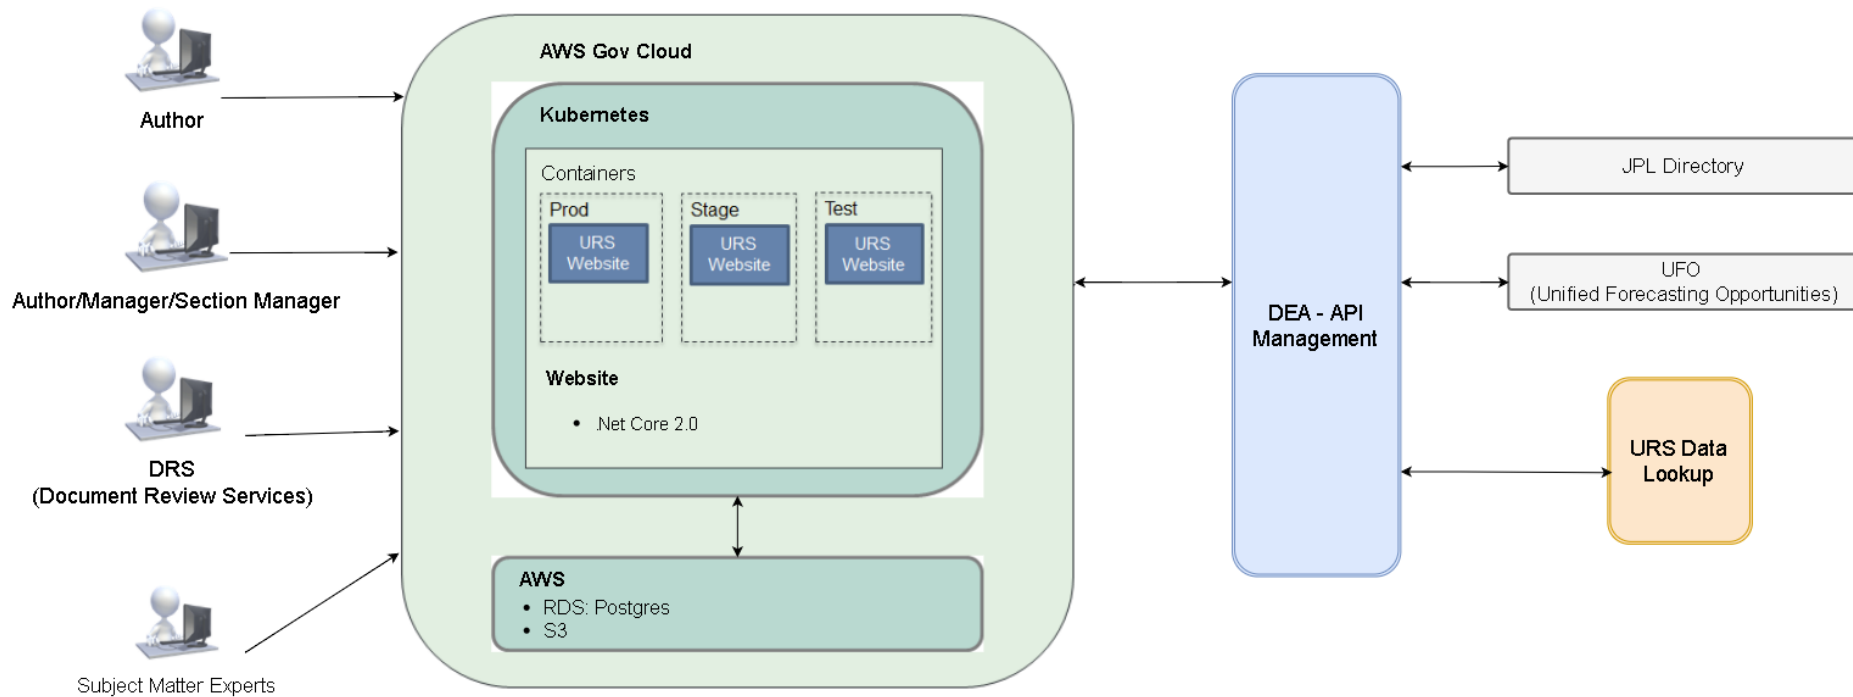

# Development Project Team:

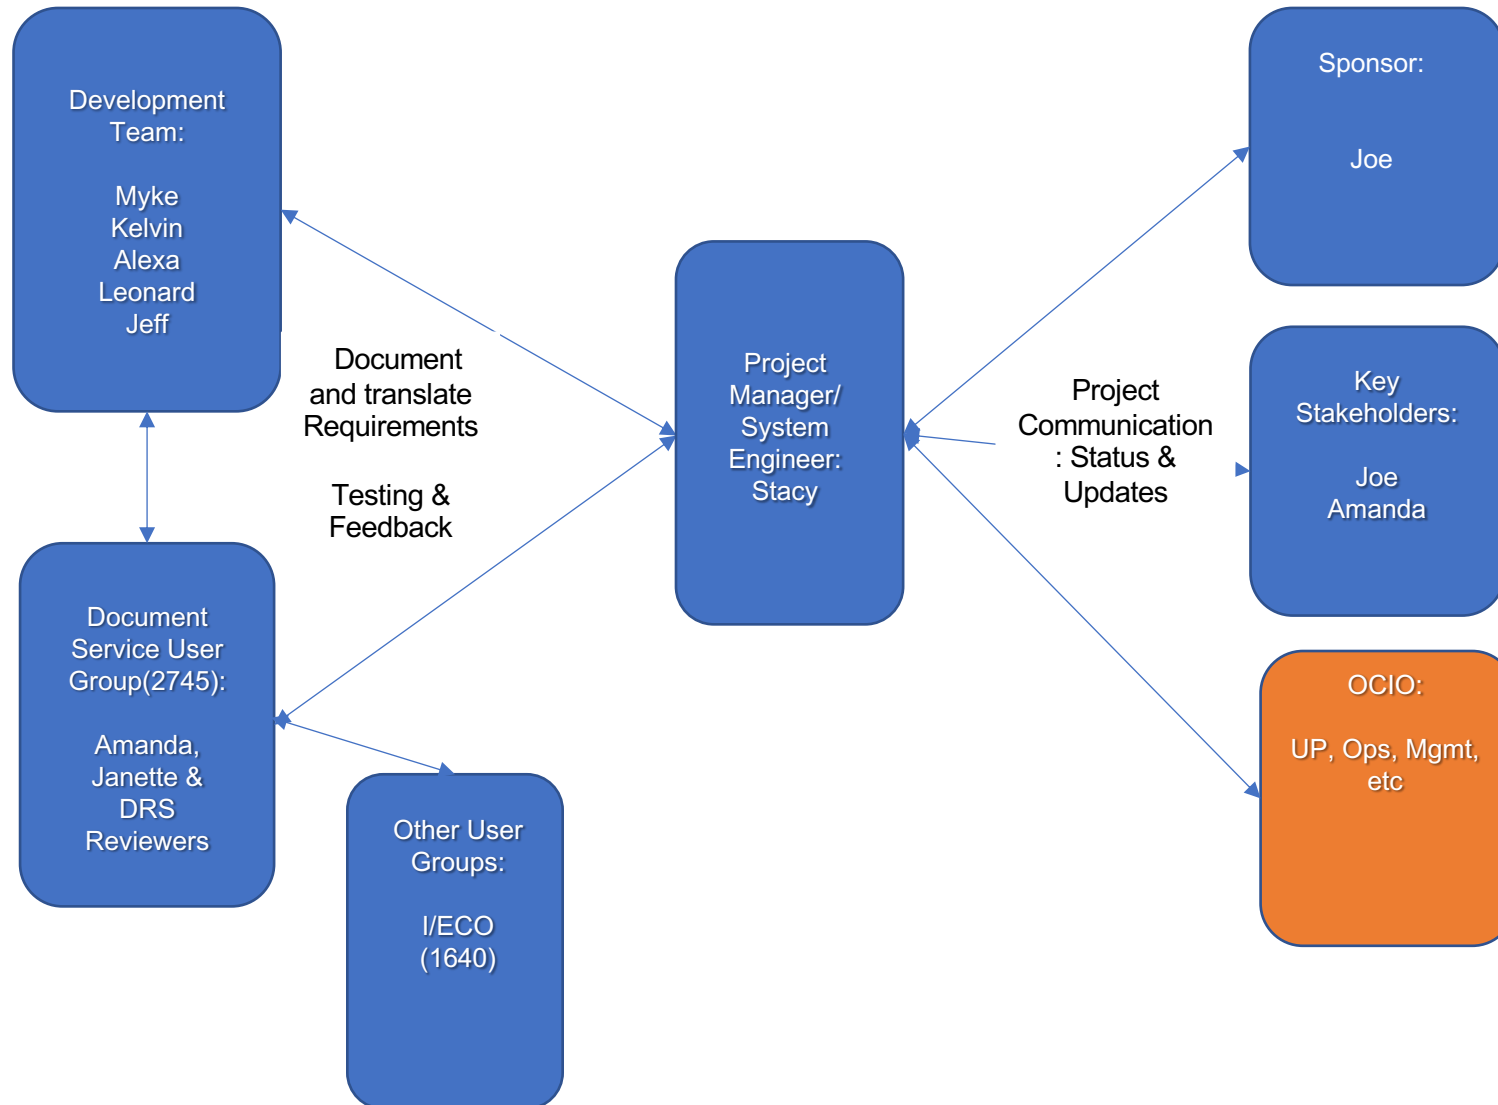

# Project Scope

- ❖ Improve the online form submission and approval processes
- ❖ Add automated proxy/delegation feature to improve the efficiency of document review processes
- ❖ Provide an updated look and feel for URS to reflect the new JPL branding guidelines
- ❖ Provide URS data look up service

Rollout

# Plan For Next Month

## Tasks to be competed in Sprint 2 ~ 3

  URS-6 As a user, I would like the ability to save the request for submission at a later time

  URS-96 Submission Edit Page

  URS-88 Technical Review Page

  URS-89 Organizational Review Page

  URS-90 IECO Review Page

  URS-104 Reassign Page

  URS-9 As a reviewer, I want to have more character limit for comments

  URS-13 As a technical reviewer, I want to be able to indicate that I am a co-author of a record and instruct me to delegate the assignment

  URS-46 Self approval Restriction

  URS-28 As an IECO reviewer, I want to receive a record for review based on category

  URS-29 As an IECO reviewer, I want to have a modified wording to differentiate ITAR vs EAR controlled

  URS-126 Data Migration

  URS-17 As a user, I want to have informational icons to fields to get more information

  URS-92 Author Disapproved Page

  URS-93 Author Conditionally Approved Page

  URS-94 Author Upload Final Presentation Review Page

  URS-95 Author External Peer Review Page

  URS-98 SME Review Page
